A low-angle, close-up photograph of the nose and cockpit area of a commercial airplane. The aircraft is white with a prominent blue stripe running along the top of the fuselage. The background is a clear, bright blue sky.

Why choose Livingston?

- ✓ Local, responsive service. You'll work with Livingston's freight forwarding experts in your region; a team of dedicated individuals who know you and know your business.
- ✓ Competitive rates. Leverage Livingston's buying power to help minimize your freight costs.
- ✓ Easy invoicing. Receive a single invoice for all of your costs, including both freight movement and customs clearance.

Additional Livingston service offerings

Customs Brokerage

North America's number one company focused on customs brokerage and compliance, Livingston offers our clients expertise and market-leading technology, all designed to reduce the risk associated with their imports and exports.

International Freight Forwarding

Every day, companies all across North America rely on Livingston to move their air and ocean shipments around the globe. With access to hundreds of carriers, our global network of offices and agents ensures that we're exactly where you, your suppliers and your customers need us to be.

Trade Consulting

One of the largest and the most focused trade consulting practices in North America. Livingston's customs and regulatory experts help companies implement compliance programs, meet audit requirements, recover duties and taxes, and manage border security.

Global Trade Management

Using proprietary technology and proven processes, our trade specialists develop solutions tailored to our clients individual import and export needs and help them maximize savings by taking advantage of special trade agreements, duty drawback, foreign trade zones and more.
