Freight Forwarding Services

North American Transportation

To keep your operations running and to keep your customers satisfied, you need on-time freight delivery, total reliability and consistent transportation services.

Finding the best carriers for each shipment or lane can be challenging and time consuming. Managing those carriers (and managing your freight bills) can be even more arduous.

Livingston can help. Rely on our expertise, our unique solutions, and our buying power to move your freight quickly, reliably, and at the right price.

Our North American Transportation services

Supported by offices throughout the United States, Canada and Mexico, we can cover all your transportation needs:

- All modes: courier, less than truckload (LTL), full truckload (FTL) and intermodal rail
- Specialized equipment: flatbeds, intermodal, dry vans, vehicle transport and temperature-controlled trucks
- Control of carriers, lanes, administration and insurance requirements
- One source for complete transportation and customs brokerage solutions
- Warehousing and distribution.

Whether you need to move automotive stampings, frozen food or toys, we can handle it for you.

Why choose Livingston?

We give you access to our network of over 1,000 qualified and proven road and rail carriers.

You'll benefit from the freight we already move for our other clients. Thanks to our volumes, we negotiate competitive rates, gain access to specialized equipment, and provide flexible services. If one carrier is unavailable, we'll get another, instantly, ensuring that your goods are picked up and delivered on time.

Moving freight seamlessly within North America and around the world. Livingston arranges efficient transportation by air, sea, rail, truck or intermodal, from point of origin through to final destination.

You can select from a range of our services: simply use us as a freight broker to find carriers, or fully outsource your transportation function to us.
