

Insight[®] Docs USA

Easily create customs clearance documents for your import shipments into the United States with a secure, simple web-based tool.

Getting the paperwork wrong can lead to costly delays in getting your products to the United States, and simple mistakes or omissions on those documents can create problems.

Insight Docs USA can help. It's a web-based, easy-to-use tool with built-in compliance features that allows you to easily prepare, transmit and manage your U.S. import documents.

Our Insight Docs USA technology solution

Insight Docs USA lets you work from any PC with Internet access to create your shipping documents and share them online with coworkers in other locations.

You simply log on to Insight Docs USA to access your database of products, consignees and document templates.

Create all the documents you need for shipments to the United States, including

- U.S. Customs invoices
- FDA , softwood lumber and other government agency documents
- NAFTA certificates of origin.

Print or email your documents in PDF format or electronically transmit them to Livingston release locations through Livingston's Insight[®] e-Link. Insight e-Link lets you send data electronically without having to be set up on EDI.

How you'll benefit

- Improve compliance. Insight Docs USA alerts you if it detects missing or potentially incorrect customs information, before it is transmitted to U.S. Customs.
- Save time. Template and product database features allow you to quickly produce accurate customs documents.
- Simple. Easily import or export your product data to or from Insight Docs USA to save time, improve accuracy and maintain consistency.
