

ACE information sheet

DOT NHTSA HTS codes

Importing products regulated by the National Highway Traffic Safety Administration (NHTSA)? When ACE becomes mandatory, you may be required to provide the category code for your product, in order to help your customs broker determine the NHTSA program your product belongs to.

The following tables list HS Tariff codes, ACS codes (OGA) and ACE codes (PGA), and provide suggested program/category codes for the tariff number.

HS Tariff	Tariff Description	OGA code(s)	PGA code(s)	Program code	Category code	Program code	Category code	Program code	Category code
